AT HOME COVID-19 TESTS WITH NO UPFRONT COSTS

Pixel by LabCorp is offering COVID-19 testing from the convenience of your home. LabCorp will send you an at-home kit to collect your nasal swab sample to be sent back to the lab for SARS-CoV-2 testing. There are no upfront costs. LabCorp will file your insurance or utilize federal funds to cover the upfront cost of this test on your behalf. Please note, this test does not detect antibodies or immunity; it is designed to determine active infection with the virus that causes COVID-19. Get your at-home test by completing a short survey:
