

Hello!

We have received almost 50 project ideas – and we are getting ready to share them with you and ask you for feedback. This will happen via a Virtual (Zoom) Meeting on **September 17, 5:30PM – 7:00PM.**

During this webinar, participants will receive a briefing on the array of project ideas that have been submitted by stakeholders during roughly the July - September time frame. Then they will be invited to participate by “scoring” each project idea using three simple criteria that will be explained during the meeting.

A couple of notes:

- Scoring will take place using a survey link, so EACH participant will need web access via a laptop/ tablet/ smart phone to participate effectively.
- Each person that wants to participate will need to register so they have access to the survey link.
- If you want to participate in the scoring, you must (virtually) attend the meeting.
